PASAIA

Pasaia is a small fishing town located just 5 km from Donostia, considered one of the most picturesque towns on the Basque Coast. Its four districts: Pasai Donibane, Pasai San Pedro, Trintxerpe and Pasai Antxo, at the foot of the Ulia and Jaizkibel mountains form a peculiar bay that stands out for its gastronomy, its cobbled historic centers and its museums related to the world of the sea.

It is probably the most internationally referenced town in terms of Basque Maritime Heritage due to its historical contribution to the development of the naval and fishing industry. It is the place where the past becomes the present thanks to initiatives such as Albaola Itsas Kultur Faktoria, which is currently building an exact replica of the San Juan whaling ship from the 16th century; the Mater Ecoactive Museum boat, the last traditional Basque bonito fishing boat that organizes numerous activities related to fishing and the marine world; or the Pasaia Maritime Festival, a biennial that welcomes traditional boats and artistic manifestations of different maritime cultures around the world.

Pasaia was born and has grown up around its natural port that allows for nautical activities practically all year round.

ALBAOLA ITSAS KULTUR FAKTORIA

Albaola Itsas Kultur Faktoria, is a surprising space unlike any other. A place where, through the use of techniques and trades almost forgotten, they are dedicated to the recovery and enhancement of maritime heritage.

In Albaola, visitors can enjoy, live, the work of shipbuilders who reconstruct history through the construction of traditional boats.

In the faktoria-museum, no day is the same as any other, it is a lively place where everyone can connect to the most epic chapters of history in a leisurely visit.

Albaola is a space in which the sea and its inhabitants are the link with other worlds. And in which respect, rigour, research, experimentation and passion connect us to our past and another way of understanding the future.

Head to Faktoria to navigate history and experience the Basque maritime adventure.

Maritime activities and experiences in the Bay of Pasaia

BOAT TRIPS

Discover by sailing the impressive entrance to the port of Pasaia from its best perspective: the sea. Unique on the entire Cantabrian coast and flanked by the Jaizkibel and Uria mountains, you can sail outside the bay to observe its cliffs and its peculiar geological forms or make an unforgettable journey to the bays of La Concha or Txingudi.

SAILING TRIPS

OSTARTE SAILING

Ostarte Sailing offers you the possibility of sailing aboard their spectacular classic sailboats 'Lucretia' and 'Tanit', undergoing different sailing experiences. They also work on demand so that you can design your own sailing experience.

- Donostia Pasaia crossing 2 h.
- Donostia-Pasaia-Donostia crossing 4 h.
- Tailor-made experiences 2 h. minimum

Lucretia

Lucretia is an emblematic Dutch sailboat built in 1927, designed by the prestigious naval architect G. De Vries Lentsch Jr. Its fine architectural lines make this sailboat a unique, elegant boat, full of history and style. It offers its passengers an unforgettable experience, being one of the oldest active sailboats in our waters. It is 19.3 meters long and has more than 180 m² of sailing surface rigged in Bermudian Ketch. Maximum number of passengers: 12.

SAILING TRIPS

Tanit

Tanit is a very special sailboat built in Tunisia in 1961, commissioned by the legendary French adventurer and writer Henry De Monfried. Together they sailed around the world crossing Cape Horn in the opposite direction of the wind regime. It is an agile, cheerful and very seaworthy sailboat that has recently been completely restored. Built in noble woods such as acacia and iroko, it has a length of 10.85 meters rigged in Yawl. Maximum number of passengers: 10.
