MICHELIN STARS

MUGARITZ

2 MICHELIN Stars

An exceptional cuisine, it's worth taking a detour!

Mugaritz, a fusion of the words "oak" and "border" in Basque, offers much more than an experience, as it goes beyond gastronomic limits to act as a laboratory of ideas and reflections: can we drink food? can air be food? is it possible to stop the time? Here everything responds to a single precept: "Open your mind, not just your mouth".

Chef Andoni Luis Aduriz's connection with the land is reflected in the restaurant, an isolated farmhouse with an enormous protective owl, which takes us back to Basque mythology and his passion for combining the avant-garde with tradition. The chef, who serves some dishes himself, defends his proposal through a tasting menu that plays with the senses and seeks to awaken sensations under the leitmotiv "The first times".

ZUBEROA

1 MICHELIN Star

The cuisine is of the highest standard - it's well worth a stop!

Book a table, as it's not every day you get to eat in a building with... more than 600 years of history! This beautiful farmhouse has a surprisingly cosy interior, with a profusion of stone and wood. Here, the chef Hilario Arbelaitz, who learned the secrets of traditional cuisine from his mother, together with his brothers José Mari and Eusebio, the latter in charge of the dining room, offers us a cuisine that combines tradition and modernity, as it preserves the flavours of authentic Basque cuisine without refusing to evolve. They offer a tasting menu and a good seasonal menu, with great classics of the house such as the Foie-gras sautéed in chickpea broth or their famous game dishes. Curiosities? Its cheesecake, which made Bruce Springsteen himself fall in love with it, is considered one of the best in Spain.

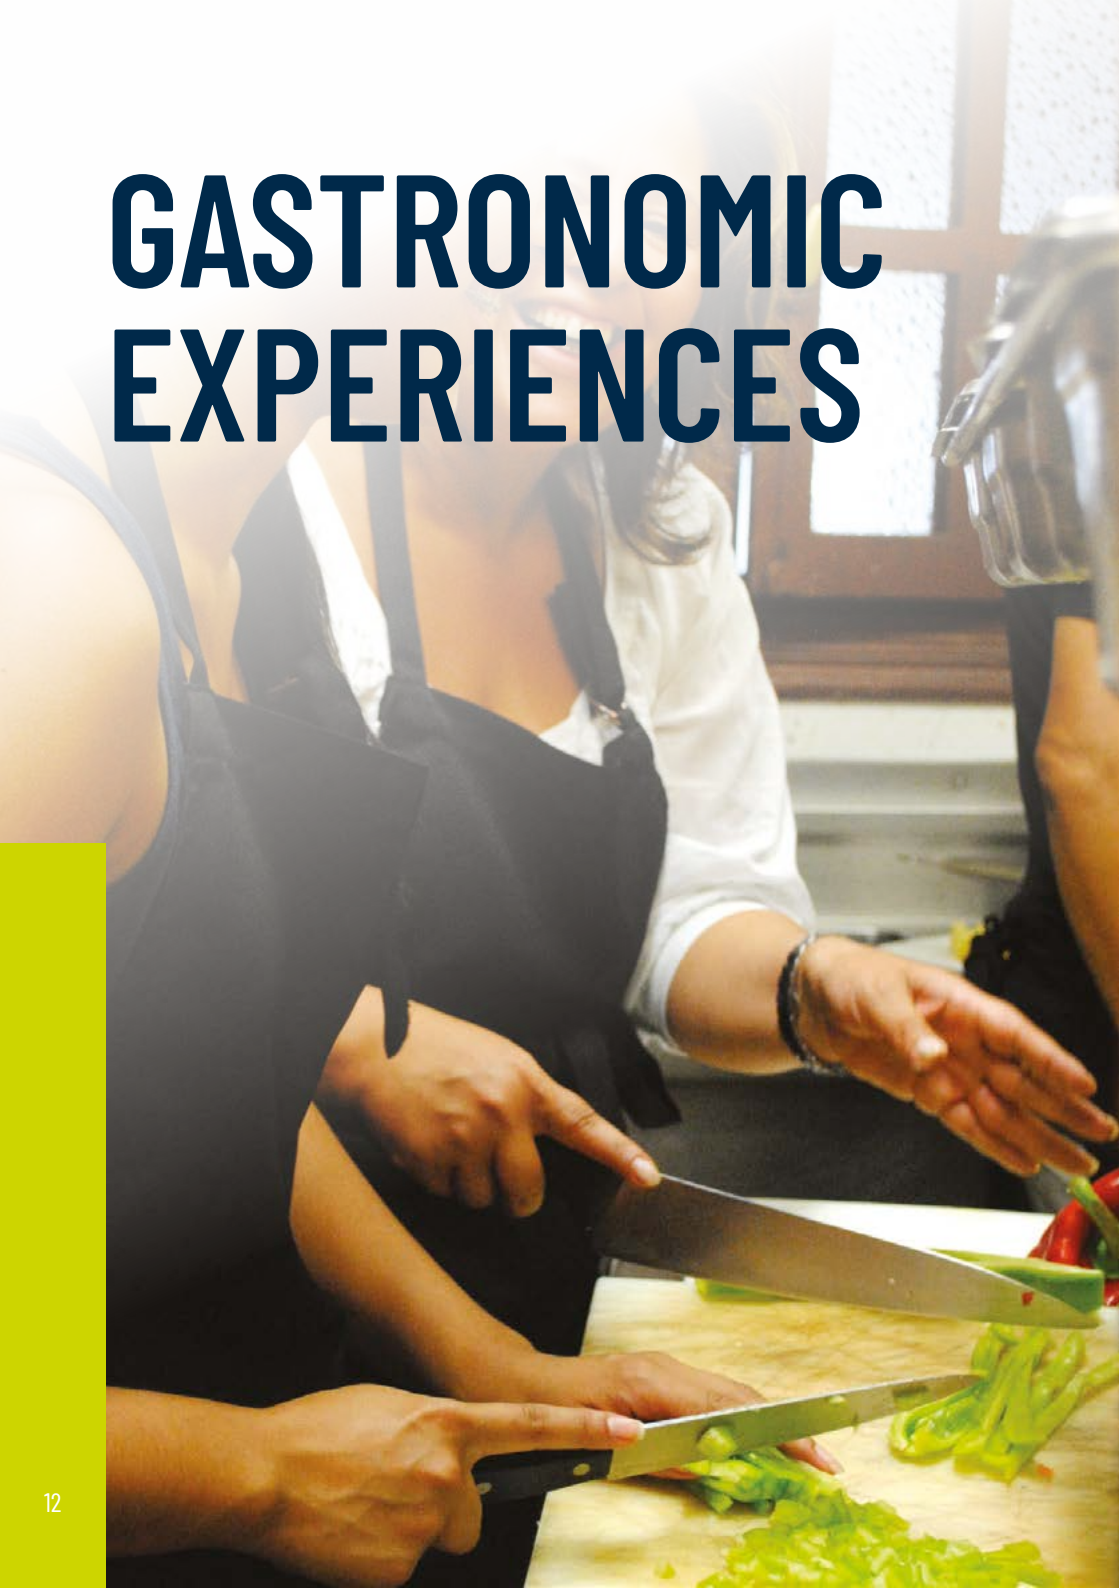
GASTRONOMIC EXPERIENCES



Traditional cooking workshop

Cooking workshop at **Ziaboga Bistrot** in Pasai Donibane, which is located by the sea and in the heart of the old town. The workshop consists of a presentation by chef **Alex Barcenilla,** who, accompanied by coffee, will explain what the workshop will consist of and which typical dishes will be prepared: kokotxas, bacalao al pil-pil, txipirones (baby squid), etc. Afterwards, a selection of products will be made and you will learn how to choose the best pieces. If the sea has allowed fishing, **Juanito Makazaga,** a veteran fisherman, will show you his catch of the day and tell you about its peculiarities. Once the menu has been chosen, it is prepared according to the chef's guidelines and then you go to the dining room to enjoy what you have cooked yourself.

The cider and the sea

An unforgettable gastronomic experience in a local cider house that includes a boat trip from the Hospitalillo dock in Trintxerpe to the **Sea Factory of the Basques Albaola,** the Basque maritime heritage recovery centre where an exact replica of the 16th century Nao San Juan is being built live. After the visit to Albaola, it's time to immerse yourself in the culture of Basque cider at **Sagardoetxea, the Basque Cider Museum,** where they will explain the secrets of the cider and its relationship with the sea in a guided tour with a tasting. To end the day, there is nothing better than enjoying a traditional cider house menu consisting of cod omelette, fried cod with peppers, large steak, cheese with walnuts and quince jelly and cider in one of our local cider houses.

Workshop of artisanal canned fish

In the eco-active museum ship **MATER** they teach you how to make your own handmade canned anchovies from the Cantabrian Sea that you can take home with you. Our anchovy is a succulent delicacy that can be enjoyed in many ways. In this proposal you will discover how it has been carefully extracted, preserved and handmade since time immemorial. This experience begins with a visit to the old **MATER** fishing boat where we will immerse ourselves in the life and work on board: navigation equipment, fishing techniques, environmental sustainability and responsible consumption. After a pause to savour a magnificent seafood aperitif on the deck, we will be shown the ancestral technique used to preserve our prized anchovies.

Tasting of artisan beers and guided visit

Pagoa Beer, a company created in 1998 by Joxe Anjel Arbelaitz, was the first to produce craft beer in the Basque Country and in the whole of Spain. It uses totally natural ingredients for its production, of the highest quality and without any additives. This artisan micro-brewery offers you the chance to learn about its history and taste its different varieties of beer through guided tours. **Pagoa Beer** recovers the oldest practice of brewing beer, which has been brewed since Roman times. The bottles have a unique design reminiscent of the ancient Basque funerary steles of Euskal Herria. Pagoa currently brews four varieties of beer: Pilsner, Ipa, Red Ale and Stout.
